Subject: special september update

dear friends,
it is unusual to receive two updates within few days. We hope that you will not be annoyed for this, but this is the result of our special effort to offer what of good we got in these latest days, at the beginning of the working time , after summer holidays. So we have updated again our site
http://www.minernet.it
today, 12 September , adding expecially many top suite, but also some good rare/systematic specimens: Polybasite, Meionite, Sartorite, Hureaulite, Meyerhofferite, Willemite, Thomsenolite, top Boltwoodite, top Autunite, top Eudyalite, top Eosphorite, Villiaumite, Rhodonite, Braunite, Spherocobaltite, Cuprosklodovskite, top Berthierite, Diadochite, Crandallite, Cafarsite, Manandonite, Kasolite, Groutite, Roselite, Gilmarite, Arhbarite, Margarite, Serpierite, and many others.....

By the way, we help you to remember that we will be attending

--the International Torino mineral show "***EUROMINERALEXPO 2007"*** on the days **4-7 October 2007** - at Lingotto Fiere , 1° Pavillion – Via Nizza 294 Torino, **stand 4E /13-14.**

--the 44° International ***MINERALIENTAGE*** of Munchen on the days **1-4 November, Stand A4.729**.

Glad to meet you by person,

friendly
Sandro Maggia e Daniele Respino
