Subject: ** Tucson 2007 Update #2 is Online! **

Greetings!

The 2nd Tucson Show 2007 Update is online and ready for browsing!

I've finally returned home after a long but very rewarding Tucson collecting trip and I'm completely restocked for the coming months. All back orders have been shipped or are in the process of being shipped this week and should arrive very soon. I want to thank everyone for their patience while we were away from the office over the past several weeks.

Two new Tucson 2007 mineral rooms have been added online today and I'm going to introduce two additional rooms on both Thursday and Friday as well for a total of six by Saturday. Rooms 7 and 8 are open today, 9 and 10 will open on Thursday, and 11 and 12 will conclude the second update on Friday. Hopefully this staggered method of adding mineral rooms will make everything less overwhelming because 120 new items will be coming online and that's quite a few to browse through!

Today's new rooms are located here...

As always, all offers are welcome and please e-mail or give me a call at any time if you have questions about an item on the website. New updates are on the way so keep checking back!

Enjoy the new rocks!

Kevin
