**Subject:** \*\* Announcing a new TMG Mineral Auction! \*\*

Greetings!

The Dallas Mineral Show was a great success and I'd like to thank everyone who attended and gave our room a visit! Now that I've finished my show schedule for a while, it's time to start the auctions again so here goes...

\*\*\* TMG Auction #110 is open and ready for bidding! \*\*\*

This auction will be a little different and has been named the "Keystone Auction". The reason is that the opening bids are the lowest we've ever offered in an auction and most are set at keystone or half the listed price in the mineral rooms. A few specimens are even lower than keystone! There are 32 specimens up for grabs this time around and I've chosen a pretty good selection from across the mineral show rooms. There should be something to interest everyone but if you don't see a specimen you'd like to see in the auction, just send me an e-mail. If possible, I'll add it to the offering.

Remember, this auction is a mix of some great starter specimens and very high quality mineral specimens. Here you will find some of the finest mineral specimens available in an internet mineral auction. The secret to winning is to monitor your bids closely and watch for auction closing notices.

You can visit Auction #110 at this link:

Good luck to all participants!

Kevin
