Subject: ** Mineral Auction #111 Closes Tomorrow! **

Greetings!

This is a quick reminder that TMG Mineral Auction #111 will begin to close tomorrow night (Monday - June 11th) at 8 PM central time (6 PM pacific or 9 PM eastern).

If you've already placed a bid or bids, now is a great time to check and make adjustments if necessary. There are still many items without opening bids so opportunity is knocking loud. Even the specimens with bids are at levels near or below wholesale in many cases!

Auction #111 can be found at this link:

Special note - If you are unable to be present during the close but would like to take part, maximum bids can be placed ahead of time. This is especially useful for those in European time zones.

Have fun and good luck to all bidders!

Kevin
