Subject: New Tsumeb Gallery

Welcome to Wrights Rock Shop

I created the Tsumeb Gallery with specimens of smithsonite crystals, calcite, malachite, diopside, malachite after azurite, cerussite, wulfenite, descloizite, copper with dundasite, calcite with duftite and hedyphane, cuprosmithsonite and cobaltian smithsonite on 8/22/08.

These were collected in the 1970's and are reasonably priced.

Please remember to mention that you are a member of Wrights Mineral News for your 10% discount.
