Subject: Last 2007 Denver Show update

Greetings:

I have completed the last of the 2007 Denver Show updates. You can see everything that I had/have available by going here:

<http://www.mineralshows.com/denver2007/specials.shtml>

In this last update I have gold, villyaellenite, chrysocolla pseudomorphed after selenite and 60+ mixed specimens from all around the world priced from \$100 to nearly \$10,000. Lots of interesting things I think.

My next show will be the Munich, Germany Show which will start at the end of October. Hope to see most of you there with show reports and specimens as well.

To be deleted from this mailing list simply visit this page and delete yourself. Your memory of me will fade into nothing and everyone will be happy.

Until Munich!

Cheers,
John Veevaert
