Subject: website updates at Dan Weinrich Minerals

We are back from Munich and updating again on a regular basis. It was great to meet many of you at the show!

* The past two days have seen over 30 new specimens added to the website, including attractive cabinet pieces, unusual and rare silver minerals, and neat locality gold specimens.

* The auction site has been updated as well with 50 new specimens.

* Look for more updates tomorrow and Friday, including some good reasonably priced small cabinet pieces and a new find of superb microlite from Mozambique!
