Subject: ** Exceptional Mineral Rooms are Updated! **

Just a quick notice to everyone that the Exceptional Mineral Rooms have been updated and restocked, with all sold items removed for quicker browsing. I also added a new twelve room which now brings the specimen count to over 170 top quality, museum caliber items!

The Exceptional Mineral Rooms can be accessed using this direct link:

On a side note - Auction #114 will close Monday, November 26th at 8 central.

Best wishes to all for the coming Holidays!

Kevin
