Dear Dave,

This is our first newsletter for 2008, and we are trialing a new format. We hope that this will remove any remaining problems with the quality of email that you receive from us (eg images getting a little misplaced!).

We have a great new promotion in place for subscribers to our newsletter, and we have begun planning our schedule for the first half of the year.

We expect our website to grow enormously in 2008, giving you a much greater range of specimens and fossils to choose from.

We hope 2008 is a great year for you too!
Happy collecting!

Susan & Bruce
AA Mineral Specimens

NB: If you are having trouble displaying the images in this newsletter, you may need to click the 'display content' link at the top of your page. Also, adding our email address to your address book will in many cases solve the problem.

WIN \$5,000 STORE CREDIT!

If you are a subscriber to our newsletter as of midnight (24.00hr), 30th April, 2008, Australian Eastern Standard Time, you will be in our draw to win a **\$5,000 store credit** on our website. If you currently receive this newsletter, you are already in the draw, and will remain in the draw unless you cancel your subscription before the 30th April deadline. If you are not a current subscriber and wish to subscribe, just send an email to news@aamineralspecimens.com with 'subscribe' in the subject line,

or click on the 'Join our Mailing List ' button in the left hand column at the top of this newsletter. Conditions are set out on our ['What's New'](#) page.

Our Itinerary

TUCSON

From 26th January, we'll be heading to the Tucson Mineral Fair in Arizona to stock up for 2008. We'll return home on February 24th. For that period, it will still be possible for you to place orders, and correspond with us via email, but we won't be in a position to ship any stock until February 25th.

But just think what goodies we'll be bringing back with us!!

If there is anything you want us to look out for, for you, while we are there, just email at info@aamineralspecimens.com.

GEMBOREE, MURRAY BRIDGE

We hope to have a stand at the Murray Bridge Gemboree in South Australia, over Easter. We'll keep you posted on progress on that front.

New Stock

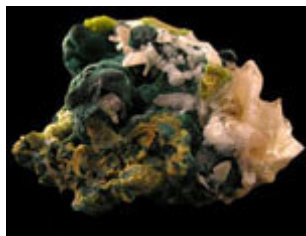

[Rhodonite Galena](#)

North Mine, Broken Hill, New South Wales, Australia

[Rhodonite, Sphalerite](#)

Broken Hill, New South Wales, Australia

[Malachite, Cerussite](#)
