Subject: ** The Pre-Tucson Mineral Auction Closes Tomorrow **

Greetings!

This is a quick notice that the Pre-Tucson Show mineral auction will close tomorrow, on Monday the 14th of January. The final hammer comes down at 8 PM central or 9 PM eastern time. If you can't be there at that time, proxy bidding is allowed.

This has been one of the slowest auctions I've seen in a long time and there are many items without opening bids. Everyone must still be recovering from the Holidays. If you feel like taking a look and grabbing a quality mineral specimen for your collection at a huge discount, please do so before tomorrow night's close. I'm even open to offers as the auction comes down to the wire!

The Pre-Tucson mineral auction can be found at this link:

Thanks again and good luck!

Kevin
