It's that time again - The Tucson Show!

I am leaving for Tucson soon and will be actively looking to see what is new in the mineral world. To stay on top of what I see in Tucson visit this site:

I will have show reports and specimens available starting around January 31st.

On February 4th and 5th Steve Perry, Pat Haynes and I will have a mini two day show. You can learn more about the time and place at this website:

That's it for now.

To be removed from this list visit the page below. There you can add or delete your email address from the various email lists I use.
