Subject: * The New Exceptional Mineral Auction is Open! *

Greetings!

It's been a while since we ran our last Exceptional Mineral Auction but now that the Tucson and Dallas Updates are winding down for the summer, it's time to start the auction process again!

This auction will feature the highest quality mineral specimens you'll see in an online auction this side of Heritage. For those who are new to our auction process, we place high end specimens into our auctions at huge opening bid discounts (usually 50% or more)! And you don't have to deal with ridiculous buyers fees because there are none. The Exceptional Mineral Auctions are a great way to add high quality items to your collection at wholesale prices and there are 32 specimens up for bidding this time around, ranging from Apatite to Wulfenite. Don't miss it!

The link to the mineral auction is located here:

All offers are very welcome in the auction process and bids will be updated at least once per day. This version of the auction will close at 8 PM central time on July 21st.

Good luck to all!

Kevin
