Greetings!

Exceptional Mineral Auction #3 is open and ready for bidding!

This is the 3rd and final mineral auction that will be run before the Denver Mineral Show in September. I thought auction #2 was going to be the best of the three but I changed my mind when I completed the planning of this version. Most of the 35 specimens included in this auction are from the Tucson 2008 and Exceptional mineral rooms! Add to that the fact that most of these new mineral specimens are carrying opening discounted bids of 50% or more and you have the makings of an incredible auction! If you've missed out on the prior two auctions, you definately don't want to miss this one!

Remember, there are no buyer's fees in any of our auctions (that saves you 15% right from the start) and all reasonable offers are always very welcome. We also offer the option of proxy bidding where you can place a maximum bid and your bid will be increased automatically for you. This is a popular feature for those who can't monitor the auction at the close due to time zone limitations.

The link to the 3rd Exceptional Mineral Auction is located here:

This version of the auction will close at 8 PM central time on Sept. 1st.

Good luck to all!

Kevin
