Welcome to Wrights Rock Shop

I wish to thank you for your understanding and many kind words. Things should be somewhat back to "normal" at the shop on Monday. Mark will answer any remaining inquiries at that time.

We were very lucky. The shop received no damage other than having enough water to use a row boat in the front and lack of electricity.

I updated UNDER 100 Gallery 1 with covellite, descloizite, pyrolusite, vivianite, fluorite, rose quartz, ruby, calcite, spessartine, skutterudite, xenotime, rhodochrosite, and many others on 9/06/08.

Please mention that you are a member of Wrights Mineral News for your 10% discount.
