**Subject:** Greenside Minerals - New Specimens

Hi,

Our second update of the the Autumn (Fall) features a selection of specimens from China. We have included epidote on amethyst, a number of interesting fluorites, 2 plumbogummites (coating pyromorphite), a pair of nodules studded with pyrite and a top quality babingtonite on prehnite.

Regards,

Gary Atkinson  
(Greenside Minerals - [www.greensideminerals.com](http://www.greensideminerals.com))
