Subject: Tsumb Specimens from the Hall Collection

Welcome to Wrights Rock Shop

I created Tsumeb Gallery 2 with diopside, calcite, smithsonite, cerussite, cuprite, tarnowitzite, mimetite, malachite and others on 11/21/08. Tsumeb minerals are only available from collections and old stock. Many of these specimens are competition grade specimens from the Hall Collection.

Please remember to mention that you are a member of Wrights Mineral News for your 10% discount.
