Subject: Barite on Scheelite, Blue topaz, Demantoid and others

Welcome to Wrights Rock Shop

I updated the Ste Marie Gallery with rhodizite, hematite after marcasite, topaz, smithsonite, fluorite, calcite, barite on scheelite, feldspar on scheelite, morganite on aquamarine, and others on 12/29/08.

The barite on scheelite and the feldspar on scheelite are rare and virtually only found one time.
