**Subject:** Found Druzy Chrysocolla Flat

### Welcome to Wrights Rock Shop

I updated the Chrysocolla Gallery from druzy chrysocolla and chrysocolla stalactites on 1/18/10. The specimens were collected in the 1970's by Wayne Thompson from Ray, Arizona. The mine is closed and this type of chrysocolla was always a rare find.

I found a flat in Wayne Thompson's original wrapping. Please mention that you are a member of Wrights Mineral News for your 10% discount.
