We have posted 30 new specimens to the website. Some very fine things here!

- * **Several fine British specimens**
 - * **Beautiful golds, tourmalines, gem crystals**
 - * **An outstanding euclase, fluorites, tsavorite thumbnail, gem enstatite**
 - * **Jeffrey grossular, Mexican fluorite/celestine**
- Plus other excellent specimens.**

Also a reminder that the auctions are closing this evening at 7 p.m. eastern standard time. This week we have 75 super specimens - there are some outstanding pieces available this week. This auction promises to be a "busy" one. Some of the highlights include:

- * **Moroccan acanthite, unusual Chinese calcite, large Russian datolite**
 - * **Old-time emerald from Colombia**
 - * **An outstanding cabinet sized fluorite from Elmwood, ex Steve Neely collection**
 - * **A fine old-time analcime on native copper cabinet piece from Michigan**
 - * **Many choice showy pieces from the Lloyd Tate collection**
 - * **California tourmaline on quartz; Mexican wulfenite**
 - * **Very pretty large cabinet gem green fluorite with calcite from China**
 - * **Tiger, Arizona cerussite; Joplin, Missouri calcite**
- Plus many, many other great specimens! This promises to be a great and active auction.**

As always, we welcome your comments and suggestions.
