Welcome to Wrights Rock Shop

**I updated Gallery 14 with pyromorphite from Les Farges, France; eudialyte, beta quartz, interference quartz, stellerite, siderite, cuprian smithsonite, pyroxmangite with cummingtonite, gaylussite, autunite, selenite and others on 3/23/10.**

**The polished Russian siderite is different from any other I have seen, and the Les Farges pyromorphite specimens include multicolored and grass green pieces.**
