The [Newest Best Offer Mineral Auction is online & ready for bids!](#) This is one of the most diverse auctions we've ever done. 30 specimens in total, all opening bids are deeply discounted with many below wholesale and others at half price! The offering is incredible and includes specimens in all size ranges and from various locales like....

Sweet Home Rhodochrosite plate

Indicolite Tourmaline on Quartz

Large Elmwood Calcite on Barite

Spodumene-Kunzite crystal

Crystalline Copper with Calcite from Michigan

Emerald crystal from Pakistan
Gem Brazilianites in cluster on Albite
Purple Apatites on matrix from Maine
Garnets from various locales
Tsumeb combo
Gem Rhodochrosite from China

Fluorite with Galena from Illinois

and much more, all at very low opening bid levels!

Please note that there is a very reasonable reserve set for each specimen. Feel free to make an offer below the reserve but the offer must be approved before being entered into the auction. If the offer is too low, a counteroffer will be e-mailed for your consideration.
