Subject: Special Edition & Weekly Update!

Greetings Everyone!

We are getting ready to release our first [Special Edition Update](#) of **Locality Namesake minerals** sometime this week and the only way to know when they are released is to download the [Dakota Matrix Notifier](#). This exciting new gizmo is downloaded onto your computer and a small window will pop up when the Special Editions are released or when you turn on your computer. Visit <http://www.dakotamatrix.com/article/notifier.htm> to download the Notifier and find out more about the upcoming Special Editions.

Also, as usual we will be releasing 36 minerals to our New Addition page on **Thursday, July 15, 2010 at 12:00 PM USA Mountain Time** and we are posting five minerals everyday on the Daily Five Page.

Thanks to all for your loyal business & happy mineral buying!

Tom & Miranda
