**The Newest Best Offer Mineral Auction is Open for Bidding!**

This is our first custom made auction. Many of the specimens featured in this auction were requested by auction participants and a fine selection it is! Here's just a sample of what's available....

Hessonite Garnet with Diopside, Rhodochrosite from China, Elmwood Calcite on Sphalerite, Fluorites from Illinois and Mexico, large Silver crystals from Kongsberg, Native Copper crystals from the Ray Mine, Aquamarine from Massachusetts, large Tennantite crystal from Tsumeb, Rhodochrosite from Kazakhstan, Peridot crystals, Gold with Atacamite, Kelly Mine Smithsonite, Kermesite spray on matrix, Rubellite crystals on Quartz from Burma, Azurite from Clifton, Arizona, seldom seen Turquoise nugget from Iran  
and much more - all offered at deeply discounted opening reserve levels!

Please note that while there is a very reasonable reserve set for each item, feel free to make an offer below the reserve. Your offer must be approved before

being entered into the auction. If the offer is too low, a counteroffer will be e-mailed for your consideration. Any offer made at the reserve level or higher is automatically entered into the auction.

The auction will close on October 11th! Good luck and have fun!
