### Welcome to Wrights Rock Shop

I updated Gallery 15 with malachite after barite, smithsonite, legrandite, blue cap tourmaline, topaz, fluorite, nailhead calcite, blue quartz, malachite after azurite, calcite, zoisite, sulphur and others on 10/05/10.

The larger smithsonite specimens are the best that I have left. The blue cap tourmaline, legrandite, and malachite after barite are definitely scarce and if not the last pieces, close to being the remainder of my stock.
