Subject: * A Special Mineral Auction is now Open for Bids! *

The New Best Offer Mineral Auction is Open for Bidding!

This auction will be a little different though. It was built using suggestions from collectors like the previous two auctions but this auction will also give bidders the opportunity to make offers on some of our finest, museum quality items just back from the Goldberg Auction in Beverly Hills, CA. These incredible specimens are listed with their retail values and Goldberg Auction reserves. Please feel free to make an offer at or below the reserve levels. All offers will be considered! **This is a unique opportunity to acquire a prized specimen at a huge discount so it should be interesting and a lot of fun!**

Here's a look at some of the other fine specimens up for bidding....

Native Copper crystals on Prehnite, Large cabinet Calcite from Ohio, Fine Calcite crystals from Pakistan, Illinois Fluorite, Rare Green Garnet from the Jeffrey Quarry, Calcite on Fluorite from the Elmwood Mine, Spessartine from Tanzania, Very fine Azurite crystals from the Morenci Mine, Scheelite crystals with Calcite, Gold in Quartz from South Dakota, Large Hemimorphite

crystals from Mexico, Pink Fluorite with Pyrite, Halite with Gypsum from Poland, Stunning Golden Barite from Nevada, Large Kelly Mine Smithsonite and much more - all offered at deeply discounted opening reserve levels!

Please note that while there is a very reasonable reserve set for each item, feel free to make an offer below the reserve. Your offer must be approved before being entered into the auction. If the offer is too low, a counteroffer will be e-mailed for your consideration. Any offer made at the reserve level or higher is automatically entered into the auction.

*** Direct Link to the Auction ***
