We have updated the website with 60 new specimens. A great mix of things from the Tate and Henkel collections, plus a few others.

Also a reminder that the auction will close Tuesday evening at 7 p.m. eastern standard time. There are 90 great specimens for avaiable this week! Highlights from this auction include:

- * a superb brazilianite
- * "v" twinned large miniature diaspore from Turkey
- * gem topaz from Pakistan
- * neat included calcite from China
- * strangely twinned calcite from Madagascar
- * Steve Pullman collection specimens
- * excellent thumbnails from the Lloyd Tate collection
- * several different gold thumbnail specimens

plus many, many other great specimens.

As always, we welcome your comments and suggestions.
