### Welcome to Wrights Rock Shop

I update the 79 Mine Gallery with cuprian smithsonite, hemimorphite, rosasite, aurichalcite, and combinations on 7/08/11. The specimens in this gallery are from the last major mining effort in the early 1990's. The 79 Mine is producing little of at consequence.

Please mention that you are a member of Wright's Mineral News for your 10% discount.
