Subject: HGS Events Next Week

Hello David,

The [African Conference](#) will be held on September 7-8 at the Queen Elizabeth II Conference Centre, Westminster, London. The topic for this year is: "Africa: A Legacy of Exploration and Discovery." The conference will be kicked off with an Evening Lecture entitled 'African Rift Plays: Is the Present the Key to the Past?' by Duncan MacGregor.

This conference is the primary technical E&P conference on Africa. It covers all aspects of African E&P with particular emphasis on new ideas for plays and prospects, the geology of the continent, and application of emerging technologies.

Upcoming Events

Earth Science Week starts on October 8. We kick off the week with our annual Family Energy Festival at the Houston Museum of Natural Science. To view all the activities, [click here](#).

AAPG will be offering a [technology workshop](#) on October 11. Join us for two days of presentations and discussions focused on emerging shale plays in the international arena.

[GSH-HGS Geoscience Day](#) will be held on October 20. Geoscience Day offers an overview of geological and geophysical methods for individuals new to the industry. Gain perspective for discussing projects with a broad audience and learn about what difficulties and problems must be routinely solved.

2011 Registration for the [HGS Applied Geoscience Mudrocks Conference \(AGC\)](#) is now open! Take advantage of the early bird price.
