Welcome to Wrights Rock Shop

I updated Gallery 20 with torbernite, demantoid from Canada, aquamarine, rubellite, cornetite, fluorite, chromean amesite, ludlamite, hematite on quartz, smoky quartz, rutile, calcite, hematite after marcasite, magnetite and others on 10/27/11.

Most of the new update is in response to request for particular specimens to be added to the site.
