I created the Demantoid and Hessonite Gallery with special discounted prices on hessonite from Pakistan and Demantoid from Madagascar. I received permission from the collector that owns these specimens to place special prices on the specimens on 6/4/12.

Please mention that you are a member of Wright's Mineral News for your additional 10%.

Later this week I will be having two updates with sulphur, Sicily; rhodochrosite, Alma, Colorado; vesuvianite from Italy and Mexico; smithsonite from Tsumeb and Mexico (one good pink); acanthite; peridot; chalcantite, Nevada; brookite, Russia; cinnabar; rutile in quartz; creedite (two colors on one piece); amazonite; doubly terminated hematite in scepter quartz; anapaite; purple apatite; hemimorphite; cerussite from Arizona and Morocco; wulfenite from Mexico and Morocco; calcite; demantoid; rose quartz; barite, Colorado; fluorite; moonstone crystals from

Mexico and others.

Chris
