New specimens have been added to the regular galleries. Some very good things added today, included fine rhodochrosites, smithsonites, cerussites, demantoids and topazolites, etc.

This is a reminder that the auction will close this evening at 7 pm eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * **Nice vanadinites from Arizona; green smithsonite from Arizona**
- * **large ilmenite from Pakistan**
- * **several nice Bulgarian specimens**
- * **numerous choice thumbnails and miniatures**
- * **several good specimens from the Viburnum Trend (Norm Woods collection pieces)**
- * **pretty Silverton, Colorado rhodochrosite**
- * **large cabinet showy pink dolomite from Tsumeb**
- * **large and nice adamite from Greece**
- * **plus many others**

As always, we welcome your comments and suggestions.
