We have updated the website with over 100 new specimens priced at \$100 and under. Look for another update of new specimens, these more expensive, in the coming days.

New auction specimens have been posted. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * beautiful blue fluorite from China
- * neat cuprite included cerussite with malachite from Tsumeb
- * also from Tsumeb, green smithsonite and a gemmy wulfenite on adamite
- * large well crystallized adamite from Nevada
- * many fine thumbnails, including Kongsberg silver, Canadian silver, Romanian gold, Cornish chalcocite, Maine uraninite, etc.
- * several neat old-time Michigan coppers
- * Anthony's Nose, New York calcite/quartz - very old
- * fine green adamite from Utah
- * numerous old-time British specimens
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
