Yesterday we added 113 new specimens to the website. Great specimens in all size and price ranges are available.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * **an excellent wulfenite from Tsumeb**
- * **lovely purple fluorite from Shangbao, China**
- * **neat specimens from the Gene Tribbey collection**
- * **large fine "glendonite" from Alaska**
- * **showy rhodochrosite from China**
- * **fine cabinet galena/fluorite from Great Britian**
- * **excellent large well crystallized hubnerite from Colorado**
- * **showy aquamarine/schorl combination from Namibia**
- * **Plus many, many others ...**

As always, we welcome your comments and suggestions.
