Dear MSA Member,

The **April 2013 (v98 n4) *American Mineralogist*** is online. It includes the "IMA report: Nomenclature of the garnet supergroup" that is free to all, and the debut paper in the journal's new "Highlight and Breakthrough" section, on "A fresh look at crystals in the Bishop Tuff" by Michel Pichavan.

Your institution subscribe to the journal through MSA? Access full-text articles without a USERID or password at [AmMin MSA institutional subscription](#).

You have a personal subscription to the journal through MSA? With your USERID or password, access the journal on GeoScienceWorld (GSW) at [AmMin member subscription on GSW](#) or on the MSA website at [AmMin member subscription on MSA](#). Anyone can access the Table of Contents, titles, authors, abstracts, as well as the archives at no cost at the [MSA website](#).

Short Course

The **Thermodynamics of Geothermal Fluids Short Course** (24-25 August Florence, Italy) [description and registration](#) are now online. Convenors: Andri Stefansson, University of Iceland, Reykjavik, Iceland; Thomas Driesner, ETH Zurich, Zuerich, Switzerland; and Pascale Benezeth, Universite de Toulouse, Toulouse, France.

New publications

Reviews in Mineralogy and Geochemistry, Volume 75, **Carbon in Earth** edited by Robert M. Hazen, Adrian P. Jones, and John A. Baross. Thanks to sponsorship by the Alfred P. Sloan Foundation, this is published as an Open Access volume - the electronic version is free to all on [GeoScienceWorld](#). Description, Table of contents, and ordering a print version from MSA are at [Carbon in Earth](#).

European Mineralogical Union Notes in Mineralogy: Volume 13 -- **Environmental Mineralogy II** edited by D. J. Vaughan and R. A. Wogelius (2013). Descriptions, Table of Contents, and ordering from MSA at [EMU Notes in Mineralogy](#).

Deadline for **requests for a 2013-14 MSA Distinguished Lecturer** is May 4. Lecturers are Linda T. Elkins-Tanton, Nita Sahai, and Richard Wirth. Lecture titles and instructions for making a request are [online](#).

Never attended an MSA Lecture? The Geological Society of London posted Matthew J. Kohn's lecture [Making the Himalaya: oozing, squashing or sliding?](#) on [youtube.com](#).
