**Subject:** Azurite and Malachite Gallery Update

## Wrights Rock Shop

I updated the Azurite Malachite Gallery on 4/26/13. According to Mindat, the Mina Milpillas, Mexico, will have mined out most of the 7 major ore bodies and will be finished with the azurite/malachite areas in late 2012 unless new carbonate-rich zones are found.

Please remember to mention that you are a member of Wright's Mineral News for your 10% discount.
