The New Tucson Show Auction is Online!

The Tucson Mineral Auction is ready to go! This auction will feature **26** fine mineral specimens from both the website and the show. Each item has a suggested opening bid level set at or below wholesale and in many cases, this equals **HALF PRICE!** Please feel free to bid at these low reserve levels or make your own best offer. The theme of this auction is "Fluorites from Around the World" and there are some gorgeous new Fluorites in the offering. Also included are fine specimens like Native Leaf Gold from Romania, Golden Calcites from Illinois, Rhodochrosite from Butte, Montana, Native Silver crystals on Embolite from Australia, gem Topaz from Katlang, Pakistan, gemmy green Sphalerite from Bulgaria, extremely rare Native crystalline Gold from Rhyolite, Nevada, and much more to browse through and choose from! I think everyone will be able to find a new specimen for their collection from this auction offering.
