New specimens have been added to the regular website galleries. Spectacular large Elmwood specimens (ex Neely), Art Smith collection specimens, superb old European classics, etc.

New specimens have been posted for this week's auction. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * neat siderite from North Carolina
- * beautiful azurite from Morocco
- * large spectacular Sardinian barite
- * good wulfenite from New Mexico
- * large fine danburite from Mexico
- * large showy smoky quartz from Bolivia
- * several rare/unusual species
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
