New specimens have been added to the regular website galleries. Specimens in all size and price ranges are available.

New specimens have been posted for this week's auction. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- \* an excellent brookite from Pakistan
- \* large fine well crystallized trona from California
- \* large showy pink calcite from Wisconsin
- \* superb large cerussite from Morocco
- \* several rare and unusual species
- \* many good thumbnail specimens
- \* well crystallized chlorargyrite from Colorado
- \* fine large partly gemmy yellow anglesite from Morocco
- \* Plus many, many others ...

As always, we welcome your comments and suggestions.
