We have just added 60 specimens to the "Sale Galleries", everything is 50% off the listed prices. Some good stuff here going cheap. Look for another large update of Merrill collection specimens, as well as others, on Thursday morning.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 115 great specimens - too many good ones to feature all in this mail! Highlights include:

- * **an excellent Michigan copper**
- * **large single spinel crystal from Madagascar**
- * **several good calcites from Pribram**
- * **large cabinet superb display piece of siderite casts after calcite from Africa**
- * **many good thumbnail specimens**
- * **gem spodumene cabinet size piece**
- * **large fine thick lustrous black terminated aegirine from Malawi**
- * **large showy yellow sulfur from Italy**
- * **Plus many, many others ...**

As always, we welcome your comments and suggestions.
