We have added 75 new specimens to the website galleries. Neat specimens in all size and price ranges are available.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * pink fine rhodochrosite from Butte, Montana
- * excellent smoky quartz/spessartine combination
- * superb uvite from Brazil; stibnite from Peru
- * unusual showy yellow smithsonite from China
- * good crystallized manganite from Wisconsin
- * choice old German pyromorphite
- * showy pink rhodochrosite from Kosovo
- * neat gwindel smoky quartz from Switzerland
- * rare sulfur from Texas
- * colorful Mexican smithsonites
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
