Yesterday we added over 60 new thumbnail specimens to the website. Tomorrow we will 60 or more items to the "Sale" galleries, all at 50% off.

New specimens have been posted for this week's auction. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * a large beautiful yellow mimetite from Mexico
- * gorgeous topaz and smoky quartz combination
- * colorful shattuckite from Namibia
- * superb matrix lazulite crystal from Afghanistan
- * large gem topaz grouping from Nigeria
- * superb uraninite thumbnail from Maine
- * good rare minerals such as wesselsite and skorpionite
- * very fine smithsonites, one a combination with calcite, from Arkansas
- * emerald on matrix from Pakistan
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
