We have updated the website with new specimens. Great pieces in all size and price ranges are now available.

This is also a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * a fine pyromorphite from Spain
- * sapphire crystal from Sri Lanka
- * excellent kidwellite from Arkansas
- * showy azurite from Utah
- * good crystallized bornite from Montana
- * wulfenite from Mexico
- * several good lots of attractive minerals
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
