We have added 90 new specimens to the website. Great things in all size and price ranges are now available.

Special Note - we are again home and will be shipping all orders this week.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great specimens - too many good ones to feature all in this mail! Highlights include:

- * glassy gem topaz from Brazil**
- * beautiful red rhodochrosite from Peru**
- * fine glassy large fluorapatite from Pakistan**
- * attractive pyromorphite from Idaho**
- * superbly crystallized descloizite from Namibia**
- * excellent cerussite from Colorado**
- * old-time smithsonite after calcite from Wisconsin**
- * good diopside specimens**
- * Plus many, many others ...**

As always, we welcome your comments and suggestions.
