We have added many new specimens to the website galleries. Both "sale items" and regular specimens. Some nice stuff here at great prices!

New specimens have been posted for this week's auction. There are 125 great items - too many good ones to feature all in this mail! Highlights include:

- * beautiful Mexico wulfenite/mimetite combination miniature (ex Tate)
- * gem crystal specimens such as aquamarine and topaz
- * large museum size display quality gaudefroyite from Africa
- * rare minerals such as excellent curite and nifontovite
- * classics such as Broken Hill iodargyrite, Bisbee azurite, Saxony dolomite
- * superb Congo cuprite
- * beautiful glassy pink fluorapatite on matrix from Pakistan (ex Tate)
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
