Hi Folks,

Boo! to you and Happy Halloween.

Our Pegmatite Special Edition is about to be released. Normally, Special Editions are announced via our Notifier, a little window that pops up in the corner of your screen. You have to download this here:

[DOWNLOAD OUR NOTIFIER](#) .

Here's what it looks like when it pops up....

It's easy, totally hands off mechanism once you download it. We only use it for announcing the Special Editions and never use it for anything else. It's not spyware or something annoying like that. You can see previous Special Editions here:

But, here's the secret: If you haven't downloaded it yet, the plan is to release the **Pegmatite SE today at 6PM USA Mountain Time.**

That's all I have to say....just remember...rock-on, rock-hard, and rock collect.

Red Beryl - Our Daily Fives for the day at 5:30P.

Remember, you do not have to be logged in to order. You can email me, call me (605) 718-9130. Ordering online through the cart, however, is the surest way of getting your specimens.

Thanks for your business!

Tom
