Each day this week we have added new specimens to the website galleries. A real nice mix of things, with some top specimens, good thumbnails, fine mid-range specimens, etc. We will update again tomorrow and Monday as well.

New specimens have been posted for this week's auction. There are 152 great items - too many good ones to feature all in this mail! Highlights include:

- * **Gorgeous vanadinite specimens from Morocco**
- * **Fluorite and Apophyllite (ex Tate)**
- * **superb Milpillas azurite; good Tsumeb pseudomorph**
- * **Kelly smithsonite (ex Tate)**
- * **choice large DT ilvaite from China**
- * **large cabinet display quality pyrochlore from Russia**
- * **Plus many, many others ...**

As always, we welcome your comments and suggestions.
