## **The Tucson 2015 Mega-Auction is Open!**

The Fourth Tucson 2015 Auction is now open for bids! This is a great offering, combining the newest specimens from Tucson with many of the finest specimens from the website showrooms. There are thirty specimens and all are shown with their retail prices and their suggested auction reserve prices. In most cases, the suggested reserves are only half of the retail prices and sometimes even lower! This means the bidding will usually start around half of what the specimen is actually worth and I will even consider offers or bids that are less than the suggested reserve. The auction is a lot of fun and it is also a great way to add fine specimens to your collection at huge discounts. You're invited to take part in the action and make a bid or two!

*Here's a look at some of what's offered in the auction....*

**Rare Rhodochrosite with Calcite from Broken Hill, Australia**  
**Gorgeous Calcites from Illinois and Santa Eulalia**  
**Very rare Native Gold on Quartz xls from Pilgrim's Rest, South Africa**  
**Green Fluorite from the famous Wise Mine**  
**Native Wire Silver specimen from the Kongsberg Mine**

Lustrous blue Smithsonite from the Kelly Mine
