We continue to add specimens to the website on a near daily basis. Showy specimens, neat thumbnails, numerous excellent rare species all in the next two or three updates.

New items have been added for auction also. There are 100 great items - too many good ones to feature all in this mail! Highlights include:

- * fine copper/silver crystals from Michigan
- * excellent epidote from Alaska
- * excellent neat Korean amethyst
- * choice thumbnails
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
