**New Updates - Auction Closing**

We continue to add new specimens to the website. Recent updates have included attractive fluorite, sphalerite and calcite from Tennessee. Also a showy assortment of specimens from the Galas collection. To view specimens that have been added throughout the week click here: [New Specimens.](#)

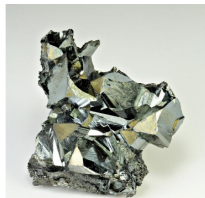

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 144 great lots available. These include:

- fine proustite from Chile**
- beautiful amethyst from Mexico**
- excellent crystallized ludlamite from Idaho**
- several superb twinned galena specimens from Missouri**
- neat thumbnail specimens**
- Many other good colorful specimens**

You can find these by clicking on the Auction Link on our Home Page.

Amethyst - Mexico

Tetrahedrite - Peru

Fluorite - Tennessee

Stibnite - California
