New Updates - Auction Closing

We continue to add new specimens to the website. Our latest updates include over 80 new selected specimens from Missouri's Viburnum Trend mining district. To view specimens that have been added throughout the week click here: [New Specimens](#).

New specimens have been added to the discount section. Some great specimens are now being offered at 50% to 80% off their list prices! To see these directly click here: [Discount Specimens](#).

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 139 great lots available. Some very nice things here! These include:

beautiful gemmy green large fluorite from China
excellent calcite/galena combination from Missouri
many attractive specimens from the Galas collection
neat rare species
Plus many others

You can find these by clicking on the Auction Link on our Home Page.
